

I am hosting a Community Forum to review the opening day speeches, the Governor's State of the State message, and the state budget and to preview the new session of the state legislature on Saturday, January 16th, from 9:00 – 10:30 a.m., in the Council Chambers at the Evans Community Complex, 1100 37th Street, Evans.

There will be copies of the latest information for distribution. The public is invited and will be encouraged to share their opinions and concerns and participate in the discussion.

“This will be a very important session at a crucial time in the history of our state. This is a critical time for people to become more involved in the legislative process, to gain an understanding of how they will be impacted by the bills that are passed and to understand the limitations created by the current fiscal challenges faced by the state”.
